### DISPUTE RESOLUTION

## Mediators association launched

KARACHI International Finance Corporation – the private sector arm of the World Bank Group, accredited mediators and master trainers have launched Pakistan Mediators Association (PMA), says a press release. PMA is a first body of its kind that will serve the mediation profession and other stakeholders who believe in promotion, use and institutionalisation of Alternative Dispute Resolution (ADR) in Pakistan. The association will support the provision of mediation and training services in ADR and lobby for law reforms. PMA will also undertake an awareness drive and complement efforts of IFC-supported ADR centres – the Karachi Centre for Dispute Resolution and the business dispute resolution centre at the Lahore Chamber of Commerce and Industry. PMA President Syed Anwar Kashif Mumtaz highlighted the need for the government, lawyers and private sector to support ADR and requested the judiciary and lawmakers to draft ADR rules. PRESS RELEASE
